

# Dimple®

The original, textured cup  
exclusive to Castaway®

Castaway® Dimple® cups have a unique look and texture that makes them enjoyable to hold. The dual layer of paper is designed with insulating pockets of air to reduce the heat transferred from contents to fingers.

Recyclable

Biodegradable\* lids measured to ASTM D5511 standards

One lid fits all 8oz, 12oz and 16oz cups

Paper sourced from sustainably managed plantation forests

Australian made in HACCP certified facilities

\*Eco-Smart® polystyrene lids, plates, bowls and cutlery have been shown to biodegrade 24% after 216 days, under conditions that simulate a wetter biologically active landfill, using the ASTM D5511 standard test. Note that a stated rate of degradation does not mean the product will continue to decompose. Testing continues on all Eco-Smart® products to track the rate of biodegradation. All data will be made available on our website: [www.castawayfoodpackaging.com.au](http://www.castawayfoodpackaging.com.au)
